

# The Unholy Trinity of Globalist Control: The Vatican, The City of London & Washington D.C.

By zIKY - April 26, 2017

— Why is [Washington D.C.](#) not a State and legally a separate city-state entity apart from the United States of America?

— Why is the one square mile of the [City of London](#), which has all the banks, with its own Mayor, a separate city-state entity from all other England?

— Why does [the Vatican](#) have its own country code, where the entire city-state entity is guarded by Swiss Guards and shares no laws with Italy?

— Where [Switzerland](#) has never been involved in wars, where 'banksters' go for secret accounts to hide their wealth?

The aforementioned city-states listed above are sovereign, corporate entities not connected to the nations they appear to be part of.

In other words, the [City of London](#) (that is the square mile within Greater London) is not

These sovereign, corporate entities have their own laws and their own identities.

They also have their own flags. Seen below is the flag of Washington DC. Note the three stars, representing the trinity of these three city-states, also known as the Empire of the City. (There is also high esoteric significance to the number 3.)

So how are these three cities ultimately connected? We must first go back to the Knights Templar and their initial 200-year reign of power.

The Knights Templar were first called, "the Poor Fellow-Soldiers of Christ and the Temple of Solomon."

This is a blatantly misleading title, considering the immense wealth and power of the Templars, who operated 9,000 manors across Europe and owned all the mills and markets.

It was the Templars that issued the first paper money for public use in Europe, establishing the fiat banking system we know today.

In England, the Templars established their headquarters at a London temple, which still exists today and is called Temple Bar.

This is located in the [City of London](#), between Fleet Street and Victoria Embankment. The aforementioned "Crown," to be exact, is the Knights Templar church, also known as the Crown Temple.

It is the Crown Temple that controls the legal/court system of the U.S., Canada and many other countries. All bar associations are directly linked to the International Bar Association and the Inns of Court at Crown Temple in the City of London.

Anytime you hear somebody refer to the Bar Association, they are talking about a British/Masonic system that has nothing to do with a country's sovereignty or the constitutional rights of its people.

This is why, when you go to court in the U.S., you see the U.S. flag with a gold fringe, denoting international rule.

The government of the United States, Canada and Britain are all subsidiaries of the crown, as is the [Federal Reserve](#) in the U.S.. The ruling Monarch in England is also subordinate to the Crown. The global financial and legal system is controlled from the City of London by the Crown.

The square mile making up the center of Greater London is the global seat of power, at least at the visible level.

is subservient to the [City of London](#).

Corporations are run by presidents, which is why we call the person perceived to hold the highest seat of power in the land "the president."

The fact is the president is nothing more than a figurehead for the central bankers and transnational corporations (both of which themselves are controlled by High Ecclesiastic Freemasonry) that really control this country and ultimately call the shots.

[Washington DC](#) operates under a system of Roman Law and outside of the limitations established by the U.S. Constitution.

Therefore, it should not be a surprise that the name Capitol Hill derives from Capitoline Hill, which was the seat of government for the Roman Empire.

If you look at the wall behind the podium in the House of Representatives, you will notice that on either side of the U.S. flag is the depiction of bundles of sticks tied together with an axe.

These are called fasci, hence the root word of fascism. This was the symbol of fascism in the Roman Empire, as it was under the [Nazis](#) and still is today. It is not a coincidence that these symbols are featured on the floor of Congress.

Most U.S. citizens believe the United States is a country and the president is its leader, but the U.S. is not a country, it is a corporation, and the president is not our leader, he is the president of the corporation of the U.S.

The president, along his elected officials work for the corporation, not for the American People.

### [So, who owns the giant U.S. corporation?](#)

Like Canada and Australia, whose leaders are prime ministers of the queen, and whose land is called crowned land, the U.S. is just another crowned colony. Crowned colonies are controlled by the empire of the three city states.

Thus, the U.S. is controlled by the three city states.

*"There exists a shadowy government with its own Air Force, its own Navy, its own fundraising mechanism, and the ability to pursue its own ideas of national interest, free from all checks and balances, and free from the law itself." – Daniel K. Inouye, U.S. Senator from Hawaii, testimony at the Iran Contra Hearings, 1986*

They have their own separate laws, own police, mayors, post offices. Their own separate flags and their own separate identities. There is no court of law that can keep them in check or prosecute them if that may be the case.

Basically, these 3 states rule the world from the shadows. More importantly, these 13 "elite" families are stealthily controlling the [Trinity of Globalist Control](#).
